HUMPHRIES CONSTRUCTION

REGIONAL MASTER BUILDERS
SUPREME AWARD WINNERS

Humphries Construction has won the Registered Master Builder's regional House of the Year Supreme Award for the last two years. And there's a simple reason why.

The Directors at Humphries Construction don't spend their days in an office pushing paper around. They're on the front-line of their business, ensuring that every detail of every home they create is of the highest standard. They scrutinise designs to ensure your home is well thought out to maximise the space available, they only work with the most trusted trades people and they view the finish of each home as if it were their own.

The same pride and attention to detail has meant that Humphries Construction has stood the test of time. And it means that building your new home has never been easier.
